

## **POSITION TITLE: Direct Therapist – Autism**

### **Direct Therapist Position Description**

Under the supervision of a Board Certified Behavior Analyst (BCBA), the RBT (ABA Therapist) provides in-home or school-based ABA (Applied Behavior Analysis) therapy for children diagnosed on the Autism spectrum.

#### **Activities include but are not limited to:**

- Implement programs to increase communication, self-help skills, social skills, play skills
- Communicate effectively, and professionally with the client's family
- Find creative ways to keep clients motivated to learn
- Collect accurate data on a client's progress
- Manage challenging behaviors
- Maintain confidentiality of client information.
- Travel to and from client homes and other service locations

#### **Candidates must have the following:**

- A minimum of 6 months experience in ABA therapy, preferred
- A minimum of a Bachelor Degree in ABA (or a related field) preferred
- Registered Behavior Technician (RBT) Certification, preferred
- We welcome candidates that are currently pursuing a degree in ABA, Psychology, or a related field
- Knowledge of general ABA practices
- Valid driver's license
- Reliable transportation
- Ability to pass a criminal background check

#### **Additional Information:**

- Competitive pay
- Flexible Schedule
- Health insurance for all full-time employees
- 401(K) - Retirement
- All staff must possess, or be willing to obtain a Registered Behavior Technician (RBT) Certification in a timely manner.
